

MERCODIA

Developing high quality immunoassays for research within the field of metabolic disorders

WHEN ACCURACY MATTERS

www.mercodia.com

7 good reasons to use Mercodia immunoassay kits

1. Minimal lot-to-lot variation: More reliable test results

Mercodia ELISAs are based on stable, monoclonal anti-bodies. This ensures long-term production with minimal lot-to-lot variation. By the careful selection of top quality reagents, Mercodia products provide accurate results from the beginning to the end of your study.

2. Robust assays: Consistent test results

The Mercodia ELISA provides you with a robust assay, designed and optimized to be insensitive to variations in different run conditions. No matter where in the world you conduct your work, Mercodia helps you achieve consistent results with high repeatability.

3. Easy-to-use: Save time

Mercodia ELISA kits are optimized to be easy-to-use, making them popular among students as well as professionals. Instead of spending an excessive amount of your time on reagent preparations and re-runs, our assays will allow you to focus on the actual research.

4. Less re-runs: Save money

Mercodia ELISA kits are optimized to minimize error contribution from the assay. In addition, pre-defined calibrators and color-coded reagents provided in the kit, help to minimize problems due to handling errors. With a Mercodia immunoassay, you save time and increase your measurement quality, which will result in less re-runs and save you money.

5. Scientific partnership: Kits to perfectly match your needs

We always work closely with our customers to provide products that are well suited to the users' needs. These collaborations are important for us in our development of new products, as well as when improving or adjusting our current products.

6. Experience and skill: Proven track record

Mercodia products have been used in laboratories in all major markets for over twenty years. From our production facilities in Sweden, we export to customers in more than one hundred countries.

7. Certified quality: A sensible choice

When it comes to producing immunoassay kits, few companies have the same experience and expertise as Mercodia. We develop, manufacture and distribute all of our immunoassays, thus taking control of the entire process from start to finish.

The Quality System at Mercodia is certified to the ISO 13485 standard. Mercodia has also implemented practices and procedures complying with other quality system regulations including 21 CFR Part 820 Quality System Regulation, and Good Laboratory Practise (GLP) as established by the OECD and the European Community.

Product list

HUMAN ASSAYS	CATALOG NO
Mercodia C-peptide ELISA	10-1136-01
Mercodia Ultrasensitive C-peptide ELISA	10-1141-01
Mercodia Glicentin ELISA	10-1273-01
Mercodia Glucagon ELISA	10-1271-01
Mercodia Total GLP-1 NL-ELISA	10-1278-01
Mercodia Insulin ELISA	10-1113-01/10
Mercodia Ultrasensitive Insulin ELISA	10-1132-01
Mercodia Iso-Insulin ELISA	10-1128-01
Mercodia Leptin ELISA	10-1199-01
Mercodia Lispro NL-ELISA	10-1291-01
Mercodia Lp(a) ELISA	10-1106-01
Mercodia MPO ELISA	10-1176-01
Mercodia Oxidized LDL ELISA	10-1143-01
Mercodia Proinsulin ELISA	10-1118-01
RAT AND MOUSE ASSAYS	CATALOG NO
Mercodia Rat C-peptide ELISA	10-1172-01
Mercodia Glucagon ELISA - 10 µL	10-1281-01
Mercodia Mouse Insulin ELISA	10-1247-01/10
Mercodia Ultrasensitive Mouse Insulin ELISA	10-1249-01
Mercodia Rat/Mouse Insulin FIA	10-1248-10
Mercodia Rat Insulin ELISA	10-1250-01/10
Mercodia High Range Rat Insulin ELISA	10-1145-01
Mercodia Ultrasensitive Rat Insulin ELISA	10-1251-01
Mercodia Rat/Mouse Proinsulin ELISA	10-1232-01
ANIMAL ASSAYS	CATALOG NO
Mercodia Porcine C-peptide ELISA	10-1256-01
Mercodia Glucagon ELISA	10-1271-01
Mercodia Glucagon ELISA - 10 µL	10-1281-01
Mercodia Bovine Insulin ELISA	10-1201-01
Mercodia Canine Insulin ELISA	10-1203-01
Mercodia Equine Insulin ELISA	10-1205-01
Mercodia Feline Insulin ELISA	10-1233-01
Mercodia Ovine Insulin ELISA	10-1202-01
Mercodia Porcine Insulin ELISA	10-1200-01
Mercodia Lispro NL-ELISA	10-1291-01

SUPPLEMENTS	CATALOG NO
Mercodia Animal Insulin Control - Low, Medium, High	10-1221-01
Mercodia Diabetes Antigen Control - Human Low and High	10-1164-01
Mercodia Diabetes Antigen Control - Human Low and High (unassayed)	10-1134-01
Mercodia Diabetes Antigen Control - Rat and Mouse Low, Medium, High	10-1220-01
Mercodia Glucagon Control - Low, Medium, High	10-1286-01
Mercodia GLP-1 (9-36) Amide Control - Low, Medium, High	10-1287-01
Mercodia Obesity Control - Human A, B, C	10-1241-01

Mercodia - When Accuracy Matters

Mercodia AB is a Swedish biotech company focusing on the development of immunoassays for research within the field of metabolic disorders. With our stringent quality system, Mercodia products meet the demands for repeatable and reproducible test results from pharmaceutical and academic researchers worldwide. Our assays are applicable to both animal and human models and are used for research ranging from basic scientific studies to large pre-clinical and clinical phase trials.

World-Leading Supplier

The company was founded in 1991 and is today a world-leading supplier of products to all major international markets. More than ninety percent of our production is exported from our facilities in Uppsala to approximately hundred different countries around the world. Mercodia provides a professional scientific support system by collaborating globally with customers and institutions worldwide to develop novel applications for existing products and unique diagnostics for emerging markets.
